

Announcement
Faculty of Engineering, Thammasat University
Subject: Rules of Changing Programme and Majors for Students of
Thammasat English Programme of Engineering

Faculty of Engineering has decided to change the announcement: Rules of Changing Programme and Majors to bring harmony in teaching methods for the Bachelor Degree of Thammasat English Programme of Engineering, Faculty of Engineering, Thammasat University. This announcement was approved by the committee of the Faculty of Engineering, Thammasat University at the meeting 2/2017 on 3 April 2017 as follows;

1. Cancel the announcement of the Faculty of Engineering: Rules of Changing Programme and Majors for Students of Twinning Engineering Programmes and Thammasat English Programme of Engineering, dated 16 August 2002.
2. Students can submit the request form from 1st semester of 2nd year onward. Students should submit the request form within 1st week of the semester.
3. Students can request a change of programme once per student. If the request form is not approved, the student shall re-submit a new request form. The previous request form will be void.
4. Rules for approving the request form for changing programme.
 - 4.1 Consider the number of vacant place in the major to which the student would like to change. If there are more request forms than the number of vacant places, requests will considered by GPA ranking, from highest GPA to the lowest GPA.
 - 4.2 If a student would like to change to The Twinning Engineering Programme (TEP), the student must have CGPA and English scores that meet the requirements for going to study at the university in collaboration.
 - 4.3 The decision of the TEP-TEPE board committee will be taken as the final consideration.
 - 4.4 Students in Automotive Engineering Programme cannot change to other programmes or majors.

This announcement applies from academic year 2016 onwards.

Announced on 3 July 2017.

A handwritten signature in black ink, enclosed in a large, thin oval.
